

Short Course in Advanced Resuscitation and Oxygen Therapy

HLTAID009 Provide Cardiopulmonary Resuscitation

HLTAID015 Provide Advanced Resuscitation and Oxygen Therapy

Course Overview

This course applies to a range of industries where first aiders need to be trained in the use of specialised equipment in the provision of resuscitation and oxygen therapy. It is relevant for designated first aiders working in construction, manufacturing, mining or any occupation involving remote or hazardous work.

Duration

This is a blended course with self-paced e-Learning and face-to-face training and assessment. Before attending for face-to-face, students will need to complete their e-Learning.

eLearning | 5 hours

Face to Face Assessment | 5 Hours

Course Location/s

Rowville / Cranbourne

Entry Requirements / Pre-requisites

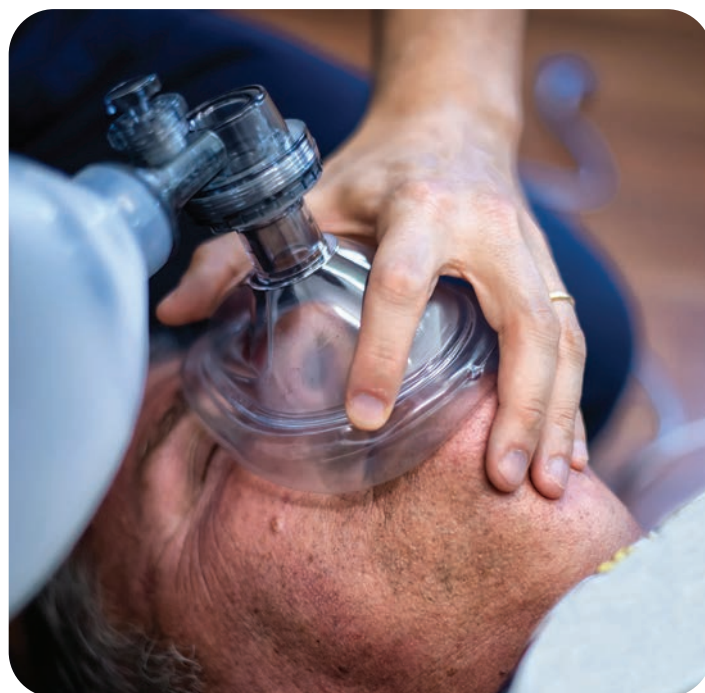

Applicants must hold HLTAID011 Provide First Aid.

Course Dates

Courses dates and times do vary. Please consult the course dates on the LivCor website.

Course Fees

Please refer to the schedule of fees and charges accessible via the LivCor website.

Course Content

This course covers the skills and knowledge to use specialised equipment to provide resuscitation and oxygen therapy in a range of complex situations, including community and workplace settings.

Topics Include:

- Suctioning of the airway
- Use of oropharyngeal airway devices
- Benefits of oxygen administration
- Managing life-threatening bleeding
- Administering oxygen therapy
- Advanced resuscitation techniques
- Safety procedures for medical oxygen equipment
- Safety procedures for Automated External Defibrillators (AEDs)
- Administering defibrillation
- Checks and maintenance of resuscitation equipment
- Cardiopulmonary Resuscitation

Short Course in Advanced Resuscitation and Oxygen Therapy

Assessment Methods

Online theory assessments and face-to-face practical assessment.

Note: the provision of Adult and Child CPR must be demonstrated on the floor.

Course Materials

Training is supported through the provision of quality learning materials and resources.

Students undertaking this short course should wear comfortable, casual clothing. This course will include activities such as bending, kneeling and lying on the floor. Students will also require access to a computer or tablet with internet connection to complete the theory component of the course.

Enrolment

A learner's position on the course will only be confirmed upon a completed enrolment form and the payment of your course fee.

Numbers are limited, so confirmed enrolments will only be able to attend on the day of training.

Responsibility for Training

LivCor is responsible under the National Vocational Education and Training Regulator Act 2011 for the quality of the training and assessment being delivered in this course and for the issuance of all AQF certificates. Please refer to the Student Handbook for further information on all student rights and obligations including complaints and appeals.

Certification

A nationally-recognised Statement of Attainment will be issued to all successful participants including the following units of competency:

HLTAID009 Provide Cardiopulmonary Resuscitation

HLTAID015 Provide Advanced Resuscitation and Oxygen Therapy

Learner Support

This course requires Language, literacy and numeracy (LLN) skills to interpret work instructions, complete online theory and record work outcomes. If you believe you do not possess the requisite LLN requirements for this course please refer to the Learner Support Services Policy or discuss your needs with our friendly team.

National Recognition

On successfully completing the training and assessment you will be issued a Statement of Attainment for the relevant units of competency.

These units of competence are nationally recognised and provide individuals with a valuable outcome that is recognised throughout Australia.

Work Placement

There is no requirement for work placement in this course.

Workshop Attendance

There is a compulsory face-to-face workshop component of this course. Students must attend a face-to-face assessment to be assessed in practical aspects of the course curriculum.
