

22556VIC Course in the Management of Asthma Risks and Emergencies in the Workplace

VU22927 Manage Asthma Risks and Emergencies in the Workplace

Course Overview

This course applies to a wide range of settings where emergencies involving asthma episodes may occur. It is relevant for teachers, childcare workers, aged-care workers, disability workers, sports coaches, youth workers and designated workplace first aiders.

Duration

This is a blended course with self-paced e-Learning and face-to-face training and assessment. Before attending for face-to-face, students will need to complete their e-Learning.

eLearning | 2 hours

Face to Face Assessment | 2 Hours

Course Location/s

Rowville / Cranbourne

Entry Requirements / Pre-requisites

There are no entry requirements or pre-requisites.

Course Dates

Courses dates and times do vary. Please consult the course dates on the LivCor website.

Course Fees

Please refer to the schedule of fees and charges accessible via the LivCor website.

Course Content

This course provides the skills and knowledge to be able to develop an asthma risk assessment and emergency management plan and provide asthma-related first aid interventions in the workplace.

Topics include:

- Triggers, signs and symptoms of mild to moderate allergic reactions and anaphylaxis
- Background knowledge of the triggers, signs and symptoms of asthma
- Risk minimisation and management strategies for asthma emergencies
- Guidelines of asthma peak bodies
- Emergency treatment for an asthma episode
- Communicating details to emergency services
- Workplace incident recording and reporting
- Evaluating responses to asthma emergencies

22556VIC Course in the Management of Asthma Risks and Emergencies in the Workplace

Assessment Methods

Online theory assessments and face-to-face practical assessment.

Course Materials

Training is supported through the provision of quality learning materials and resources.

Students undertaking this short course should wear comfortable, casual clothing. This course will include activities such as bending, kneeling and lying on the floor. Students will also require access to a computer or tablet with internet connection to complete the theory component of the course.

Enrolment

A learner's position on the course will only be confirmed upon a completed enrolment form and the payment of your course fee.

Numbers are limited, so confirmed enrolments will only be able to attend on the day of training.

Responsibility for Training

LivCor is responsible under the National Vocational Education and Training Regulator Act 2011 for the quality of the training and assessment being delivered in this course and for the issuance of all AQF certificates. Please refer to the Student Handbook for further information on all student rights and obligations including complaints and appeals.

Certification

A nationally-recognised Statement of Attainment will be issued to all successful participants including the following units of competency:

VU22927 Manage Asthma Risks and Emergencies in the Workplace

Learner Support

This course requires Language, literacy and numeracy (LLN) skills to interpret work instructions, complete online theory and record work outcomes. If you believe you do not possess the requisite LLN requirements for this course please refer to the Learner Support Services Policy or discuss your needs with our friendly team.

National Recognition

On successfully completing the training and assessment you will be issued a Statement of Attainment for the relevant units of competency.

These units of competence are nationally recognised and provide individuals with a valuable outcome that is recognised throughout Australia.

Work Placement

There is no requirement for work placement in this course.

Workshop Attendance

There is a compulsory face-to-face workshop component of this course. Students must attend a face-to-face assessment to be assessed in practical aspects of the course curriculum.
